

ABRAHAM LINCOLN

In Honor of His Memory the Republican Club of New York Gave a Banquet.

DISTINGUISHED PERSONS PRESENT.

Among Them Were Senators Dewey, Thurston, Bartlett, Scott, Hanna and Attorney General Griggs.

While the Dinner Was Being Served Another One Was Given in the Astor Gallery to About Seventy-Five Women.

New York, Nov. 13.—On the 92d anniversary of the birth of Abraham Lincoln and in honor of his memory, the republican club of the city of New York gave a banquet Tuesday night at the Waldorf-Astoria. Gen. Henry F. Tremaine, the president of the club, presided. With him were seated at the guests' table Robert C. Morris, Rev. Geo. T. Purvis, Geo. B. Sloan, Cornelius N. Bliss, Whitelaw Reid, Senator John M. Thurston, Senator Chauncey M. Depew, Joseph R. Burton, Judge John N. Baldwin, Senator Hanna, Attorney General John W. Griggs, Senator N. B. Scott, Senator Edward T. Bartlett, Hugh Gordon Miller, Frederick S. Gibbs and Chas. A. Case.

Patriotic Airs Played.
While the dinner was served in the large hall room, another dinner was being served in the Astor gallery to about 75 women, invited guests of members of the club. When the speech making began the women were seated in the lower tier of boxes. An orchestra played patriotic airs during the dinner. Senators Dewey, Thurston and Hanna were given an ovation on entering the banquet hall.

A letter of regret from Robert T. Lincoln was read at the dinner.

After-Dinner Speaking.
Gen. Tremaine opened the after dinner speaking with a brief address, after which the toast of "Abraham Lincoln" was proposed and drunk, the guests standing. Gen. Tremaine then introduced John N. Baldwin of Nebraska, who made the oration of the evening in response to the toast. He was frequently applauded.

Senator Hanna was the next speaker and received a tremendous applause as he arose. Senator Dewey was then introduced and spoke in response to the toast, "Our New Possessions." Hugh Gordon Miller, of Virginia, also spoke and was responded to by the toast, "The New South."

Senator-elect Joseph R. Burton, of Kansas, replied to the toast, "The Republican Party."

Lincoln Day at St. Paul.

St. Paul, Minn., Feb. 13.—Tuesday being Lincoln's birthday and a legal holiday all public business was suspended here. The Lincoln Republican Club held its annual banquet at the Windsor Tuesday night and the German-American Veteran association gave an entertainment at the capital.

IMPERIAL DECREE.

All Chinese Named for Punishment Are Given a Choice of Methods of Suicide by the Emperor.

Peking, Feb. 13.—Prince Ching and Li Hung Chang have received the long dispatch from the court which they have not disclosed to the foreign envoys. It is understood to contain, in addition to the recent celebrated reform decrees, an account of how Emperor Kwang Su has sent a choice of methods of suicide to all those named for punishment by the envoys, closing with the inquiry whether Prince Ching and Li Hung Chang think the envoys will be satisfied.

Must Exhibit Their Heads.

It is understood that the Chinese plenipotentiaries in reply to the court said the foreign envoys could not object strongly to an accomplished fact, but that they would probably insist upon the sentence of execution being published throughout the empire and possibly upon the heads of those condemned being exhibited at various stations.

It is very seriously doubted in Chinese circles here that Gen. Tung Puhsing will agree to commit suicide. His only worshipful aim is to have absolute control of the Mohammedans and is believed to be one himself.

Will Relieve Gen. Shafter.

Washington, Feb. 13.—Gen. S. B. M. Young, who Monday was confirmed by the senate, has been chosen to succeed Gen. Shafter in command of the department of California, with headquarters at San Francisco, about the middle of March. He will relieve Gen. Shafter, and the latter will be appointed a major general in the army and immediately retired in accordance with the terms of the army reorganization law.

Judge in the Philippines.

St. Johnsbury, Vt., Feb. 13.—Former Lieut. Gov. Henry C. Bates, of this city, was offered the position of judge in the Philippines, and will accept the appointment. The salary will be \$5,000 per year.

Yellow Fever and Smallpox.

Mexico City, Feb. 13.—Yellow fever has again appeared at Morida and smallpox is prevalent in the state of Yucatan.

THE STATE MILITIA.

Orders Went Out to Two Regiments to Load Their Arms in Readiness to Go to Cincinnati.

Columbus, O., Feb. 13.—Gov. Nash sent for A. C. Gen. Geyer Tuesday and held a long talk with him in his office, no doubt concerning the use of troops in Cincinnati. They expect the injunction to issue from Judge Hollister's court and to use the militia to enforce it. Gov. Nash after consultation with Gen. Geyer and Auditor of State Gault, Tuesday morning, sent a telegram to Brig. Gen. Wm. V. McMaken, ordering him to adjourn his court-martial at Columbus on Monday next, in order to relieve officers, who are needed in the military movement to see the prize fight from court duties. McMaken, Col. Moulton and others of his staff will report here for duty. In private conversation with the governor Tuesday, he intimated that his whole fight against the injunction was to prevent the court from standing or fall with the decision of Judge Hollister.

All Depend on the Court.

The governor did not state so in any money order, but the inference was plain from what he did say that without the aid of the courts it would be impossible to reform Ohio to the liking of Gen. W. V. McMaken will probably be in command of the troops to be used as the 3d and 4th regiments and the 4th, excepting only the Columbus battalion. No movement is expected before Thursday. There is, however, one contingency in which the troops will not be sent to Cincinnati if necessary to prevent the court. That is, in case the court's decision is neutral, that is, "no jurisdiction," in that case the governor will be at liberty to order the troops to the prize fight or not. He is already of record as to that. He will hold that it is and will use the troops to stay it.

Ten Companies of the 6th.

Columbus, O., Feb. 13.—Ten companies of the 6th regiment, which is at Toledo, have been ordered to start for Cincinnati, so as to reach there Friday afternoon en masse at the Sauergerfer building where the prize fight is scheduled to be played.

Gov. Nash decided on taking this action Tuesday, and the orders were at once issued to Adj. Gen. Kinsley. A special train has been chartered on the C. & D. & R. R.; the troops will embark before daylight Friday morning and a fast run will be made to Cincinnati.

Gov. Nash has decided to have his troops go to Cincinnati, no matter what the result of the injunction suit may be, and even should an injunction be issued, the troops will go. So far no intimation has been made of the intentions of the Sauergerfers club, but if it should decide to call the fight off, it is possible that the strike will make no difference, as far as the soldiers are concerned. They will follow the orders that have been issued.

BY HIS DIVORCED WIFE.

W. A. Seelye, Chief Buyer for Swift's Packing Co., Kansas City, Shot and Wounded in the Arm.

Kansas City, Mo., Feb. 13.—Eli A. Seelye Tuesday night shot and wounded his former husband, W. A. Seelye, chief buyer for Swift's Packing Co., at his residence in this city. The wound is not serious, although the ball passed through Seelye's arm.

Mrs. Seelye wore a beard and a cap, and was otherwise disguised as a man when she was arrested. She is now residing by Mrs. Seelye's present wife.

Mrs. Seelye was arrested and taken to the city jail where she is being held. She refused to talk. The cause of the assault is not known.

Mrs. Seelye and Mrs. Ella Seelye were introduced ten years ago. Since then Mrs. Seelye has spent much of the time in Chicago, where she is well known. She is about 55 years of age.

TWO CUDAHY SUSPECTS.

Identified as the Man Who Killed the Marshal While Robbing a Bank at Bronaugh, Mo.

Joplin, Mo., Feb. 13.—Johnson and O'Neal, who have been held in this city several days suspected of complicity in the Cudahy kidnapping case, were Tuesday identified as the men who killed the marshal while robbing a bank at Bronaugh, Mo., several months ago. The marshal's daughter Tuesday positively identified Johnson and O'Neal as the men who killed her father. At the time of the robbery \$10,000 was taken and \$20,000 was destroyed by the explosion that wrecked the safe. When arrested these men carried several thousand dollars in gold. They were taken to Nevada, Mo., Tuesday for trial.

A National Forest Reserve.

Washington, Feb. 13.—Senator Beveridge, from the senate committee on forest reservations, Tuesday reported favorably the bill authorizing the establishment of a national forest reserve in the Appalachian mountains within the states of Virginia, North Carolina, South Carolina, Georgia and Alabama.

Will Visit Havana.

Kington, Jamaica, Feb. 13.—It has been definitely decided that the British squadron cruising in these waters will call at Havana after sailing hence, Saturday.

LED BY AFFEABLE.

Students Assembled in Madrid and Started Cries for the Army and Against the Jesuits.

THE COURT OF CASERTA DENOUNCED.

Mounted Civil Guards Paraded Puerta Del Sol With Drawn Swords, Preventing Collections of Crowds.

Only a Successful Leader to Encourage the Madrid People to Deeds of Violence Is Needed—The Count's Wedding.

Madrid, Feb. 13.—Tuesday afternoon about 800 students led by a woman and bearing French and Spanish flags assembled in the Puerta del Sol and started cries for the army and against the Jesuits and the court of Caserta. They were quickly dispersed, but continued assembling in various parts of the city. The afternoon was one of continual manifestation, though without serious disturbance, to the vigilance of the police. In fact, throughout the entire day civil guards, mounted and on foot, were everywhere visible, dispersing crowds wherever found. These with this word largely composed of youths and street riders, but behind them were agitators and the sentiment of the people. Tuesday evening about 200 mounted civil guards were parading Puerta del Sol with drawn swords, preventing any collection of people. All the avenues entering on the square are closely guarded.

Advised a Clash.

There can be no doubt that the feeling of the populace is deep-rooted, needing only a successful leader to encourage the people to menacing deeds. Owing to their attitude the torchlight procession scheduled for Tuesday evening was abandoned, the authorities fearing that the slightest opportunity for a clash might lead to serious results. An illumination might cause a hail of stones, which might excite the guards to some act of revenge. The populace are being given a looser rein than in ordinary circumstances because of the desire the queen regent to avoid any meeting between the people and the authorities, which could lead to doled on the day of the wedding.

Fear the Police.

Philetine there has been no serious threat on the part of the people to resist the police. On the contrary, as people scatter the moment they start in their direction. Some serious strike comes in such a way as to instance the shopkeepers and proprietors of cafes, the moment the demonstrators appear, pull down the shutters. It is the time the police have arrived the crowd vanishes. Then up go the shutters again and business is resumed.

Newspaper Suppressed.

The suppression of El Pais was due to its virulent attacks upon the court of Caserta, which had the effect of rousing anti-Caserta sentiment. The court taken by El Imparcial in defining to print a description of the court hall on the ground that "it is not for such festivities when all Spain is so sad" has caused a great impression and has increased the feeling against the forthcoming marriage.

WHISPER DUMORS.

It is thought by knowing ones that Madrid is on the Verge of a Tumult.

Madrid, Feb. 13.—Whispered rumors, which are not supported by tangible facts, say that Madrid is on the verge of tumult. The government, however, is calmly proceeding to carry out the details for the wedding of the princess of the Asturias to prince Charles of Bourbon, but the street corners, the clubs and the hotel corridors teem with disturbing stories. The new shout, "Long live the army," is the most serious sign. Should take a real hold on the people, and should the fever reach the army itself, the outcome would be threatening. The current talk among the army is that the king has disapproved and is announcing that it does not intend to take up arms against the people so long as their opposition is maintained by the Jesuits and the court of Caserta.

Marriage Contract Signed.

The feeling against the former is largely political, but real and deep seated antagonism exists against the former's Catholic leader.

Another step in the marriage ceremony occurred at the palace Tuesday night at 9 o'clock when the formal contract was signed. The duke of Sotomayor, the grand chamberlain, extended an invitation to the ministry to be among the witnesses. Besides the royal party, the duke and the palace officials and the witnesses, no others were present. All the parties to the wedding are domiciled in the royal palace. They therefore, are not obliged to expose themselves to the public, the wedding occurring within the chapel of the palace itself at 11 o'clock Thursday morning.

Capital Punishment Still Decried.

Topeka, Kan., Feb. 13.—The capital punishment bill, introduced by Senator Smith, was defeated in the senate Tuesday by a vote of 18 to 11.

JEWELS DISAPPEAR.

Necklace of Pearls Supposed to Be Very Valuable Proven to Be a Hoax.

For the last 15 years Harold M. Stratton believed that he was the possessor of a necklace of pearls worth many thousands of dollars. Shortly after Christmas, however, he was unconsciously by a heartless expert, who told him that the supposed gems were nothing more than a glass composition and almost worthless.

Mr. Stratton is a lumber dealer. His home is on Eighty-third street, Bensonhurst. About 40 years ago a grandaunt of his purchased from Tiffany a necklace made of 140 pearls, paying many thousands of dollars for it. Tiffany's books show this to be a fact.

In 1925 this necklace, or rather what he believed was the necklace, descended to Harold M. Stratton. Not having a wife then, he placed the string in a safe. Several times since Mr. Stratton has exhibited the necklace to friends and many "Ohs!" and "Ahs!" were expressed in admiration. Mr. Stratton says that he may and may not have loaned the necklace since 1925. His memory is bad on this point.

Recently Mr. Stratton married, and wishing to give his wife a Christmas gift he decided to try to sell the necklace or exchange it for a diamond sunburst. For it was too old-fashioned for a young woman to wear. So he sent the string to Tiffany to be appraised. Mr. Stratton called for a statement when the appraiser returned the necklace. "The necklace isn't made of pearls at all. It's made of a glass composition. It isn't worth thousands of dollars. You would be lucky if you got \$1.50 for the whole thing."

Mr. Stratton said that he did not think the substitution was made since he came into possession of the necklace. It is a fact worth mentioning that possessors of jewels of great value sometimes have clever imitations made of them which may not be so dangerous of loss by accident or theft.

DRIVES AWAY MOSQUITOES.

Castor Oil Plant Proves Effective Against the Presence of the Little Pests.

In view of the fact that it generally is accepted that mosquitoes are more or less responsible for malaria and fever, it is interesting to know that a remedy against mosquitoes has been found which is inexpensive, but if employed will not add to the beauty of the home. It consists of the castor oil plant or "palma christi" around the houses and premises. On this subject Consul Plumacher, at Maracaibo, says:

"A simple remedy against mosquitoes has been employed in several places in South America and is equally well adapted to the temperate zone. It consists in growing the castor oil plant. In cold and temperate climates the castor oil plant grows to a height of four or five feet. In these countries it becomes a tall tree and is perennial.

It seems that the smell of the plant is disagreeable to mosquitoes and other insects, and it is an acknowledged fact that where these plants grow few mosquitoes will be found. My personal experience bears this out. "My residence is surrounded by plantain and banana trees, and I have been much troubled in the past by the great number of mosquitoes which gathered between the leaves. Following the example of old settlers in the country, I planted the castor seeds, which grew in profusion. The mosquitoes are now no mosquitoes to be found among the plantain and banana trees, although I keep the ground well irrigated. The mosquitoes and the seed of the plant in rooms, the mosquitoes are driven away from the latter.

There are several varieties of the castor oil plant. In this country there are two—one with brown nuts and the other white in color, with a kernel tasting like a fresh almond."

DESCRIBES BIG SEA SERPENT

Officer of British Steamship Anapa Gets Close to a Monster in Straits of Malacca.

According to the private log of the third officer of the British steamship Anapa, that vessel on November 1 passed in dangerous proximity to a snake which, according to his reported observations, came very near complying with the fabled dimensions of the mythical sea serpent, a sight of which monster has been often reported, but whose capture has as yet not been made a matter of record. As the story told by the Anapa's officer goes, the monster sighted in November was at least 80 feet in length, of a dirty brown color, all over with the exception of his neck, which was of a lighter hue. It was in the Straits of Malacca that the reptile was seen.

HUGE METEOR FALLS.

Two New York Farmers Describe Ball of Fire Which Exploded in Seneca Lake.

One of the largest meteors seen in that part of the state in recent years fell into Seneca lake between Earl and Avon about ten miles south of Geneva, N. Y., a few minutes before five o'clock the other morning. It burst with terrific force not more than a second after it struck the water. The concussion, which was distinctly felt in this city, broke scores of panes of glass in houses adjacent to the scene of the explosion. The meteor was seen by William Gifford and David Walker, farmers. They said that it was not less than five feet in diameter.

ALLEN A. EDMONDS,

WHAT is there in my line on which you would like quotations?

I want your trade, and if you will give me a chance will submit samples and prices that will be interesting to you. . . .
